2	A. It might be. It was not 2009 and it	2	projects for FXCM, you were just doing them from	
3	was not 2016 so.	3	the Effex office?	
4	Q. Was there a change in the	4	A. At that time I was working yes,	
5	relationship between FXCM and Effex around that	5	same, just from the office.	
6	time, that you are aware of?	6	Q. Working on FXCM's adapter for Effex?	
7	A. I don't know. What time was it?	7	A. Yes. Integration, get bunch of	
8	No, I don't recall, no.	8	adapter, bunch of different streams like	
	Q. Was there	9	customized for different flavors. I don't know.	
9		_		
10	A. Relationship between FXCM and Effex?	10	But at that time it was only five or six	
11	Q. Yes.	11	adapters, and FXCM system was also quite young	
12	A. I don't know. The only change in	12	and there were like new updates, and new updates	
13	the relationship that I observed, I was asked to	13	would change something and it will screw up	
14	move back to FXCM office. From that I inferred	14	something. So it was work to keep up with	
15	that something changed.	15	changes in FXCM for integration.	
16	Q. So	16	Q. And that's the work you were doing	
17	A. That's all I know about changes.	17	from FXCM's office and the same work you were	
18	Q. Let's talk a little more about that.	18	doing, you were just doing it in a different	
19	So when you say, "move back to the FXCM office,"	19	location?	
20	were you working full-time at the Effex office?	20	A. Yes, like it was FXCM office sitting	
21	A. I think I was spending like four	21	next to Dittami; Dittami moved to different	
22	days a week in the Effex office.	22	office and I moved to different office too, but	
23	Q. Starting when?	23	work was the same.	
24	A. So like all the time, and I was in	24	Q. Can you describe, when you moved to	
25	FXCM I think like once a week. I don't	25	the Jersey City office four days a week, how did
